

## Nation Faces Labor Crisis

### Steel Strike Threatens; Miners Out

Washington, Sept. 26—(AP)—The nation faced the year's worst labor crisis today with strikes threatening in the steel, auto and maritime industries. Walkouts already plagued the coal and rubber industries.

Federal labor experts pinned their hopes for a way out of the morass of labor troubles on two notions. First, that a settlement in one industry might chart a path for the others. Second, that news of Russia's new atomic power may spur domestic labor peace.

But there was no indication that any agreement was in sight in the important steel negotiations. Friday night at midnight is the new deadline for a steel strike already three times postponed.

No plan seemed to be brewing to end the week-long coal mining strike. John L. Lewis, head of the 480,000 idle miners, apparently was waiting to see what CIO President Philip Murray gets in steel. Coal contract talks are due to resume Wednesday.

Labor's demand for pensions, contending the government social security system is inadequate for retirement needs, is a widespread issue. In steel, Murray is demanding an employer-paid pension plan, but the industry wants workers to share the cost. Lewis seeks more money for his near bankrupt welfare fund.

Government conciliators said pension demands also are involved in an AFL maritime contract dispute. Contracts with the AFL's International Longshoremen's Association, covering longshoremen at Atlantic and Gulf coast docks; and with the AFL's Master Mariners and Pilots, covering east coast ship officers, are due to expire Friday midnight. Federal labor men fear this may be followed by a walkout.

**Longshoremen May Strike**  
A strike by either the mates or the longshoremen, or both, could seriously disrupt east coast shipping. The AFL unions are seeking more wages, along with a pension plan, but their employers have proposed a wage cut.

**Longshoremen at Hawaii**, headed by CIO union leader Harry Bridges, already have been on strike four months over wage demands. This has been the longest, and one of the bitterest, big strikes of the year.

**Demands for pensions and social insurance have brought on a strike at Goodrich Rubber Co.**, but there were reports this one was near settlement.

In the auto industry, the Ford contract with the CIO auto workers union is due to expire at midnight Wednesday. The union has indicated it will call a strike shortly thereafter unless a settlement is in sight. Here again pensions are the main argument. Whatever settlement comes at Ford is expected to be a guide in negotiations with Chrysler.

## ICC Takes Petition For Bell Rate Hike Under Advisement

Chicago, Sept. 26—(AP)—The Illinois Commerce Commission today took under advisement the Illinois Bell Telephone company's petition for a permanent rate increase of \$34,000,000 a year.

Today's final session was given mainly to a four-hour rebuttal of opposition testimony. The company's case was wound up by L. N. Jones, general solicitor for Illinois. Jones told the commission that Bell

lawyers for interests opposing the rate hike "have urged every single situation which could be tortured into a doubt" of the company's need for more funds.

"In the absence of a clear showing that the expenses and property items set up by this company are so done in bad faith by the company, then this commission is bound to accept them," Jones declared.

Jones referred to an appraisal of Illinois Bell's revenue needs, done at the request of the city of Chicago by Arthur Andersen and Co., an accounting firm. The accountants recommended a \$26,000,000 rate increase.

**VANDENBERG ENTERS HOSPITAL FOR CHECK**  
Ann Arbor, Mich., Sept. 26—(AP)—Senator Arthur Vandenberg (R-Mich.) entered University of Michigan hospital today.

Doctors declined comment. A hospital source said, however, that the senator would undergo a complete checkup.

On his way to Washington from his home in Grand Rapids earlier this month, Vandenberg stopped at the hospital for a hurried check.

## October 4 Will Be Date Of Trial Of Preston Tucker

Chicago, Sept. 26—(AP)—October 4 will be an important date in the tangled affairs of the Tucker corporation and its founder.

In separate action today, federal judges: (1) declined a motion to postpone beyond that date the trial of Preston Tucker and his co-defendants on charges of mail fraud, violation of SEC rulings, and conspiracy; and (2) set that date for a hearing on a motion to surrender the Tucker plant to the government.

Judge Michael L. Igoe granted the continuance on the surrender motion with a statement that there will be no further delays unless a definite plan or reorganization, backed by cash, is presented to the court.

The company, which announced plans for manufacture of a rear-end engine automobile that never got into mass production, is undergoing reorganization under federal laws.

John P. Lulinski, assistant U.S. attorney, told the court at least \$320,000 will be necessary to winterize and maintain the Tucker plant. The plant was leased from the war assets administration. The plant will revert to the government if it is not maintained.

## Some Non-Union Miners Plan To Reopen Pits Soon

Pittsburgh, Sept. 26—(AP)—Some Pennsylvania non-union coal operators made plans to reopen their pits today despite threats of violence from roving pickets in the week-old United Mine Workers strike.

Fourteen operators in the Clearfield area who closed their workings last week because of picketing activity said they will resume operations tomorrow. The operators represent 30 mines, some of them small.

The mines will operate under the watchful eye of reinforced state police forces who have been patrolling the area to guard against violence.

Sporadic picketing marked the only activity in the "no pension no work" strike of John L. Lewis' 480,000 United Mine Workers.

The strike has idled 31,000 employees of coal hauling railroads.

Pittsburgh Coal company today stopped operations at its Smiths Ferry, Pa., docks on the Ohio river and shut down its coal washing plant at Negley, O., because of lack of coal to process. Thirty workers were made jobless.

## Quebec Jeweler Who Killed Wife, 22 Others Is Sane

Quebec, Sept. 26—(AP)—Police said today that a Quebec jeweler who is accused of one of the most bizarre murders in Canadian criminal history—dynamiting an airplane to kill his wife—is sane.

The jeweler, J. Albert Guay, was examined at provincial police headquarters by Dr. Gustave Desrochers, Quebec psychiatrist, and other experts.

Police charge that Guay arranged to have a home-made bomb placed aboard a two-engine transport of the Canadian Pacific airlines in which his wife was a passenger. The plane blew up in flight between Quebec and Baie Comeau, killing Mrs. Guay, 18 other passengers—among them three prominent New York copper company executives—and the crew of four.

## Senate Passes Bill Giving Armed Forces Pay Increase

Washington, Sept. 26—(AP)—The Senate today passed a bill to give most members of the armed forces an Oct 1 pay boost totalling more than \$300,000,000 a year. It emceeds the first general revision of salary scales in 40 years.

Action was by voice vote. The bill now goes to a conference with the House, which earlier approved a bill carrying identical raises for all except a few top grades.

The Senate version would boost scales in widely varying amounts ranging from \$5 a month for recruits with five months' service to \$300 or more a month for generals with over 30 years' service.

The increases are generally higher for officers than for enlisted men. Congressmen have explained there has been no general pay raise in the top ranks for 40 years, while enlisted men have had increases.

Senate approval of the measure came a few hours after President Truman urged that it also approve, will drop the idea

## British Laborites Bet Life on Vote Over Pound Slash

London, Sept. 26—(AP)—Prime Minister Attlee's government bet its life today on the outcome of a parliamentary vote on devaluation of the pound.

At the same time the potent general council of the Trades Union Congress (TUC) implied it still was withholding support of the government policy.

The labor cabinet decided to put a motion of confidence before a three-day emergency session of parliament which opens tomorrow at 2:30 p.m. (7:30 a.m., central standard time). If it is defeated Prime Minister Attlee would have to call for a new election at once. Labor's five-year term is not up until next July.

With a sharp eye to such fateful political consequences the cabinet vetoed the motion so that it will be difficult for any member to vote against it.

A "No" vote would not only be against Britain's 30 per cent slash in the dollar value of the pound; it could also be construed as a vote against economic recovery and feeble medical service, a measure popular with many people.

## U.S. Conciliators Will Try To Settle IHC Plant Strike

Chicago, Sept. 26—(AP)—The federal conciliation and mediation service will attempt tomorrow to settle a strike of CIO United Farm Equipment workers at the large Chicago Tractor Works of the Inter-National Harvester company.

Company and union representatives have been asked to attend a session tomorrow.

The meeting will follow a session of the union's Harvester council. Fifty-five grievance committeemen from 11 Harvester plants were summoned to the council meeting to consider ways of implementing the union's wage and economic demands.

The tractor works strike was given official sanction last Friday, after FE workers had walked off their jobs in protest over suspension of 23 workers.

The plant's shutdown already has forced closing of the Harvester Farmall plant at Rock Island, which receives parts from the Tractor Works. Company officials said two other Harvester plants in the Chicago area and one in Milwaukee would be affected by the Tractor Works strike.

## Blackmer Pleads Guilty Of Evading Tax In US Court

Denver, Sept. 26—(AP)—Henry M. Blackmer, multi-millionaire oil man who fled to France and 25 years of self-imposed exile when the Teapot Dome scandal was exposed, pleaded guilty today to income tax evasion.

He stood, white-haired and slightly stooped, before Circuit Judge Orie L. Phillips to enter the plea which he thought would clear up his difficulties with the courts of the United States.

A few moments earlier, District Attorney Max N. Bulkeley had informed the court that when Blackmer pleaded guilty in the tax evasion case, the government would move for dismissal of four perjury indictments against him.

But Judge Phillips, to the obvious surprise of both sides, refused to accept that arrangement at face value.

"For what reason," he asked, "does the government propose to dismiss these so-called perjury cases?"

Bulkeley replied that the U. S. attorney general's office believed the evidence was insufficient to support the perjury charges. As early as 1933, he said, the government had indicated a willingness to drop the perjury cases if Blackmer would come back to answer the evasion charges.

The salary hikes for cabinet officials and other top government administrators.

Mr. Truman said it was a matter of "great personal concern" to him that opposition has developed to legislation which would hike these salaries, which he said are now "ridiculously low."

An informal committee of senators met, meanwhile, to revise this bill to limit the top increases to 50 per cent. This would hold cabinet salaries to \$22,500 a year, rather than the \$25,000 now called for by the bill. Their salaries are now \$15,000.

Senator Bridges (R-NH) advocated also a \$2,500 increase in congressional expense accounts. House and Senate members now receive \$12,500 a year salary and tax-free expenses of \$2,500. Although Bridges came out for an increase in the latter figure, he said later he doubts that the group will recommend it. If it does not, he said, he staff expected him back on the job tomorrow.

**HOFFMAN ENTERS HOSPITAL**  
Washington, Sept. 26—(AP)—Paul Hoffman, economic cooperation administrator, entered Doctors hospital today. Members of his staff said he suffered a gall bladder attack. The staff expected him back on the job tomorrow.

**Twins Scalded**

Peoria, Ill., Sept. 26—(AP)—Byron C. Doll, 96, believed to be the oldest member of the Masonic Lodge in this vicinity, died yesterday. He was a retired employee of the Rock Island railroad.

## Says Russ Stall A-Bomb Control

### Bulletin

Tulihina, Okla., Sept. 26—(AP)—Five bodies were reported seen tonight near the wreckage of an airplane described as an airforce B29 which crashed near this southeast Oklahoma town tonight.

City Marshal Jack Bishop said the plane was still afire and it was impossible to get within 100 yards of the wreckage.

He said five bodies were visible in the glow of the flames but he could not determine if others were buried in the debris.

Officers at Tinker Air Force Base in Oklahoma City dispatched a rescue party and investigating team to the scene, approximately 150 miles southeast of Oklahoma City.

Reed Taylor, Tulihina, a former air force member described the plane as a B29. Bishop said the numbers "333" and insignia denoting "15th Air Force" were visible on the tail.

Officers of Smoky Air Force Base, Salina, said a B29 bearing those numbers and carrying a crew of 13 men was on a training flight.

### Illinois News Briefs

**Enters Hospital**  
Danville, Ill., Sept. 26—(AP)—A 17-month-old girl, whose heart ailment has puzzled doctors and left her unable to walk, entered Children's Memorial hospital in Chicago today.

She is Judy Hollers, a blonde and blue eyed daughter of Mr. and Mrs. Joe Hollers of Danville. She weighs 17 pounds. Her father, a factory worker, sold their home and bought one \$2,000 cheaper so she can be treated.

**Former DAR Official Dies**

## Bevin Tells USSR To Raise Iron Curtain, Tell All

New York, Sept. 26—(AP)—Britain's Foreign Secretary Ernest Bevin blamed Russia today for stalling international control of atomic energy.

In a blistering policy speech to the United Nations assembly, Bevin said Britain wants the atomic bomb banned just as much as anyone else but that Britain insists first on effective control. He called Russian blots against the west on this point "stupid."

The foreign secretary challenged the Russians to "come out of their shell," raise their curtain and agree to the control plan approved last year by the General Assembly.

**Applauded Heavily**  
Bevin was applauded heavily by a packed assembly hall. Throughout his speech he indicated Britain is willing to talk with the Russians but must be sure of their sincerity and honest intentions.

The Soviet Union was blasted on two other points in the United Nations.

The 14-member steering committee recommended putting Soviet Foreign Minister Andrei A. Vishinsky's proposal for a five year peace pact before the assembly. The vote was 13 to 0 with Chile abstaining.

U. S. Delegate Warren R. Austin said the Soviet proposal contains "spurious charges but that the U. S. is perfectly willing to debate them at any time."

**Putting Pressure On**  
Edward Karel, Yugoslav foreign minister, told the assembly the Russians come here talking peace but in reality are using war-like armed demonstrations to put pressure on Marshal Tito. He said Yugoslavia agrees with the idea of peace and suggested that Russia start by laying off attacks against Yugoslavia.

Bevin told the spot for the chief thrusts at the Soviet Union, in brief, Bevin said:

1. Vishinsky's speech last Friday attacking the western powers and then calling for a peace pact can scarcely be a help to achieve peace.

2. Greece should settle differences with all her neighbors in a spirit of conciliation and not adopt the attitude of those who "rape her." He obviously was referring to earlier reports that the Greek government might order its troops to invade Albania in pursuit of Greek guerrillas.

**Pastor Pays Six Times His Taxes To Help Schools**  
Charleston, W. Va., Sept. 26—(AP)—Pastor Eugene M. Austin of the Baptist temple positively practices what he preaches.

He renders "unto Caesar the things that are Caesar's" and wants his parishioners to do likewise.

To a startled congregation Dr. Austin disclosed yesterday he had voluntarily gone to the courthouse and asked that his personal property assessment be increased six times.

He then went into his text, to render unto Caesar and "unto God the things that are God's."

Dr. Austin explained he was moved to action after investigating a public school at his congregation's request.

He found teachers taking time out from classes to man mops and brooms. He was told the county is too tax-poor to provide the money for completely efficient school operation.

The pastor looked up his own tax receipt and found he paid only on a valuation of \$500 for his personal possessions.

"Why, the books in my own library are worth more than that," he said.

"Too long have we emphasized only the text about God and forgotten Caesar, which is actually the government."

"When we deny Caesar, our community life suffers. We can talk about what we want, but if we cheat the tax collector it's like double talk. And when we indulge in double talk, our spiritual life suffers."

"We cannot short change either God or the tax collector."

**STRIPPER'S HUBBY SAYS EVERYONE SAW MORE OF HER THAN HE**  
Los Angeles, Sept. 26—(AP)—Almost everybody saw more of his wife than he did. Actor Paul Valentine complained today, winning a divorce from stripteaseer Lili St. Cyr.

Valentine said he made a home for his silver-blond wife, but she refused to give up her career. As a result, the only time he got to see her was when he could get her billing in Hollywood. He charged that this constituted mental cruelty.

Valentine, who also is the dancer's manager, said he will continue to create and stage her routines. She is filling an engagement in Montreal and was not in court.

## 1.3 Billion Arms Aid Plan Approved By Senate, House

Washington, Sept. 26—(AP)—Aroused by the atomic blast in Russia, a Senate-House conference committee today swiftly approved a \$1,314,010,000 plan to arm foreign nations against Communism.

With the non-Communist world stirred by evidence that the Soviets have the atom-bomb, all efforts to chop the bill were thrown into the discard. House members of the conference committee tossed overboard the House bill, which called for \$444,595,000 less than the \$1,314,010,000 voted by the senate.

The conference committee was appointed to reconcile the differences between senate and House measures. Although it approved the main features of the bill today, the committee still has several minor points to iron out before the legislation can go to senate and House for final approval.

The measure, urgently sought by President Truman, is designed to supply arms to signers of the North Atlantic security treaty, and to other nations under the shadow of Russia's armed might.

**Iowa-Illinois Gas Co. Registers For Selling Of Bonds**  
Washington, Sept. 26—(AP)—Iowa-Illinois Gas and Electric company, Rock Island, Ill., registered today with Securities and Exchange Commission the offering of \$10,000,000 worth of 30-year first mortgage bonds to be sold at competitive bidding.

The commission simultaneously announced an October 10 deadline to request a hearing on the proposal. The Rock Island utility said it plans to use the funds to finance part of its construction program and to acquire additional property.

In another matter Union Electric Company, St. Louis, Mo., asked commission authority to sell 150,000 shares of its preferred stock at competitive bidding.

Union Electric told SEC that proceeds of the financing will be applied to the company's construction bill estimated to total \$145,000,000 by 1953.

**Hungary Orders 10 Of Yugoslavian Legation To Leave**  
Budapest, Hungary, Sept. 26—(AP)—The Hungarian government tonight ordered 10 members of the Yugoslav legation to leave the country within 24 hours.

The order was contained in a sharply worded note from the Hungarian foreign ministry to the Yugoslav legation tonight.

It stated that the recent trial of Laszlo Rajk, former Hungarian foreign minister and No. 2 communist in this country, had "proved completely that leading persons of Yugoslavia's present government took part in a plot which was aimed to overthrow the Hungarian people's republic, the killing of leading Hungarian statesmen and restoration of capitalism and fascism as instigators and organizers."

(Yugoslav Premier Marshal Tito, in a note delivered to the Hungarian minister in Belgrade Saturday said the Rajk trial was part of a Russian-organized plot to overthrow Tito's regime and replace it with a regime servile to the U. S. S. R.)

**SOONERS TO VOTE ON LIQUOR BAN**  
Oklahoma City, Sept. 26—(AP)—Oklahoma's 42-year-old constitutional ban against hard liquors goes before voters tomorrow.

A constitutional amendment to repeal prohibition will be voted upon at a special election. Also on the ballot is a \$36,000,000 bond issue for public buildings.

**Truman Signs Bill Giving Him Power To Cut Tariffs**  
Washington, Sept. 26—(AP)—make reductions as great as 50 per cent.

The first such law was passed in 1935 and it has been renewed repeatedly.

The frequently-divided democratic majority in congress got together to give Mr. Truman the bill he wanted. It rejected republican efforts to retain "peril points." This provision in the last extension required the president to report to congress if he made deeper cuts than the tariff commission thought safe.

The bill containing that restriction, written by the republican 80th Congress in 1948, expired last June. Administration leaders said it would hinder operation of the program.

"As the world's greatest creditor nation," Mr. Truman said, "it is 1951, the president's right to negotiate reciprocal trade agreements. In imports."

Without a substantial expansion of our imports we can't maintain and enlarge our export markets, he said.

### State Federation Of Labor Asks Aid For Illinois Cities

Springfield, Ill., Sept. 26—(AP)—Resolutions urging a special session of the legislature to enact a city aid program were presented today at the Illinois State Federation of Labor's 67th annual convention.

The convention is not expected to begin action on resolutions until tomorrow or Wednesday.

In a speech at the convention's opening session, Federation President Reuben G. Soderstrom urged the reelection of democratic U. S. Senator Scott W. Lucas.

Soderstrom told the delegates that "labor will have more friends than enemies in congress" after the 1950 elections, and that the Ta

## CHANCE TO EASE DOUBLE TAXES

The federal government today takes a top of 77 per cent of net incomes; in short, about three dollars of every four made by wealthy individuals.

But that isn't the whole story. Some hold exempt bonds. These are federal bonds issued before 1941 and many state and local bonds. Their holders pay no income tax on the interest.

And those who collect corporation dividends pay extra, because the government takes 38 per cent of corporation profits above \$50,000 before the individual income tax is applied. A large stockholder in United States Steel is able to keep only \$14.26 of every \$100 earned on his stock.

There is a proposal in the senate finance committee to give taxpayers a credit of 10 to 16.6 per cent on their stock earnings for taxes already paid by corporations. Canada has such an arrangement, and even Britain makes some allowance for corporation-paid taxes. Washington should follow suit. It doesn't make sense to put a special tax on capital that is used for productive purposes and a premium on sure-thing investments.

## Burglars Steal \$600 At Carrollton Tavern

Carrollton—Six hundred dollars in cash was stolen Sunday night from the Hayes Tavern by yeggs who hammered open a heavy iron safe.

None of the stock of the tavern was molested.

The robbery occurred after 8 p.m. at which time the proprietor, Michael Hayes, left the tavern. He had been there to attend to electrical equipment Sunday evening. The robbery was not discovered until Monday morning when the tavern was opened for business.

Investigation showed that a rear window had been pried open. The burglars used a hammer and steel punch to break the combination lock on the safe.

Officers of Sub Order 158, Anti Thief Association, were re-elected Saturday afternoon during the annual meeting at the court house. The officers are:

President—Robert Scott.

Vice president—W. A. Bridgman.

Recording secretary—Roscoe Mawson.

Assistant recording secretary—L. Clyde Cooper.

Financial Secretary—Edward Craig.

Assistant financial secretary—Clyde D. Black.

Treasurer—Chester Thomason.

Marshall—Roscoe Stainsforth.

Doorkeeper—Carl Stainsforth.

Delegates were elected to the state A.T.A. convention to be held Nov. 28 and 29 at Mattoon, Ill.

Mr. and Mrs. Clyde D. Black and Mr. and Mrs. Carl Hembrough attended the national convention Sept. 12 and 13 at Pittsburg, Kansas. Mr. Black is Illinois state president of the A.T.A.

### SKIRTS NOW LONGER IN RUSSIA

Moscow—(P)—Folk motifs and longer skirts are features of the new Soviet styles.

Adaptations of ancient Russian handwork from the various republics of the country are features—particularly on blouses—in the new styles. They make colorful and neat decorations, most of them being in red and white. While nothing like the "New Look," skirts are longer this season.

## Post Office Safe At Alexander Hammered Open; Money Missing

Burglars broke into the post office at Alexander sometime Sunday night, hammered open the safe, and made their getaway with cash reported to amount to approximately \$200.

Stamps, bonds and blank money orders remained in the safe unmolested.

Postmaster Fred Neal discovered the burglary when he arrived at the post office Monday morning. He saw at a glance that the safe had been opened, and notified the sheriff's office.

The safe was battered open with heavy hammers, no explosives having been used. The post office building is on the west side of the square, some distance from residences, and no one heard any undue commotion during the night.

Sheriff Ralph Bourn and Deputy Jack Andrews found that window in the rear of the building had been pried open. County officers notified the post office department.

Postoffice Inspector J. O. Thompson of Springfield, and Postmaster Fred Neal checked the loss Monday afternoon and found that \$131.25 had been taken. In addition between \$50 and \$60 belonging to the Methodist church Sunday school which had been placed in the safe

for safekeeping was stolen. Mrs. Neal is treasurer of the Sunday school.

The Alexander burglary was executed along the same general lines as the Hayes tavern robbery at Carleton on Sunday night, where the loot from a safe was \$600.

### John G. Ormiston, Retired Farmer, Dies At Hospital

John G. Ormiston, a retired farmer and well-known resident of the Newmansville community, died Monday at 1:30 a.m. at Our Saviour's hospital, where he had been in ill health for the past several months.

A lifelong resident of Cass county, Mr. Ormiston was born on Jan. 15, 1882, the son of Alexander and Helen Ormiston. He was united in marriage with Jennie Plue at Havana on Feb. 22, 1902.

Noted Throat Specialists report on 30-Day Test of Camel Smokers...

# NOT ONE SINGLE CASE OF THROAT IRRITATION due to smoking CAMELS!

Yes, these were the findings of noted throat specialists after a total of 2,470 weekly examinations of the throats of hundreds of men and women who smoked Camels—and only Camels—for 30 consecutive days.

### THOUSANDS MORE AGREE!

"The 30-Day Test opened my eyes! Smoking is really fun when I smoke Camels!" Skater Jinx Clark.

"How long have I smoked Camels? Years! Camels suit me to a 'T'! Adam Tomey, bridge maintenance.

"Camels passed my smoking test 100%! They agree with my throat and taste so good!" Pilot Mary Morrison.

"My test of Camels has been going on for years! And Camels cheer my taste!" Golfer Gene Sarazen.

"Camels gave me a lesson in smoking pleasure. They taste good and mild!" Telephone operator Rita Edwards.

"Mildest cigarette I ever smoked! A change to Camels was for the better!" Billiard star Willie Mosconi.

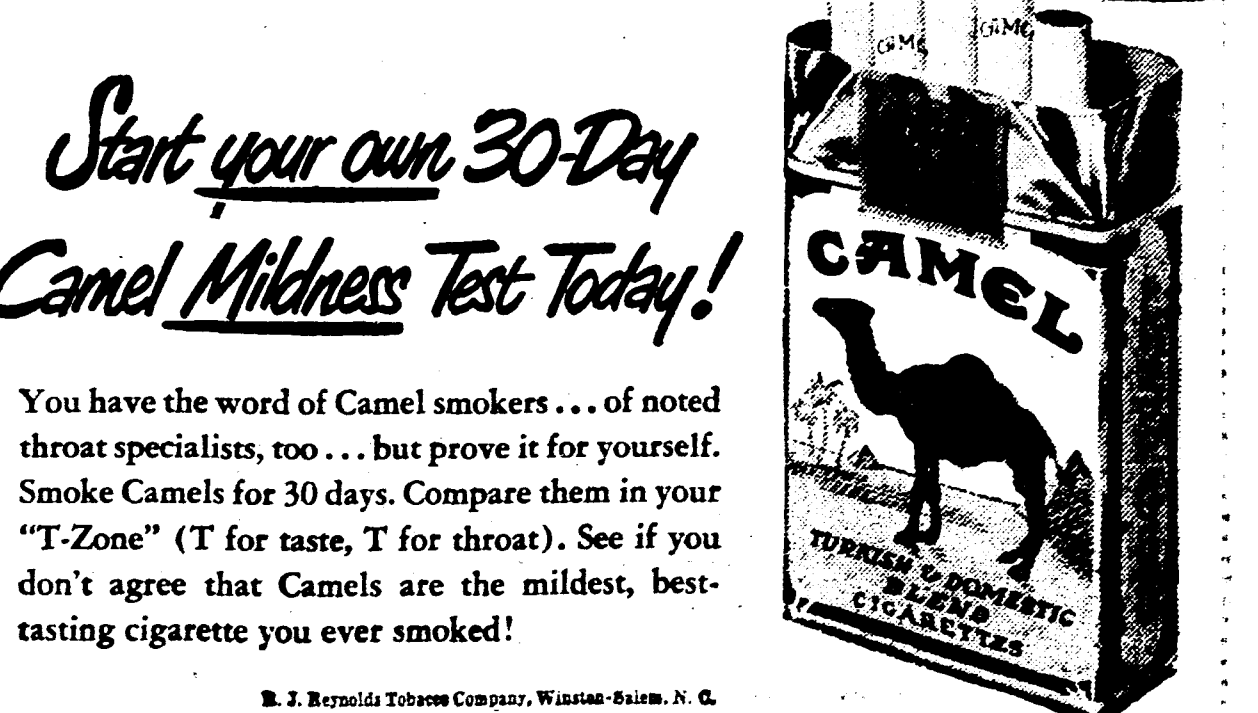

"I made my own test. I found Camels the mildest, best-tasting cigarette!" Mary Goodfellow, hat designer.

"I never knew how enjoyable smoking could be until I changed to Camels!" Gladys Swarthout, opera star.

"I changed my ideas about smoking enjoyment when I changed to Camels. They taste so good!" Mrs. Orson Munn, Jr., socialite.

"Personally, I've found the answer to a milder, better-tasting smoke. I'd walk a mile for a Camel!" Aqua-ski star Bill Hatfield.

You have the word of Camel smokers... of noted throat specialists, too... but prove it for yourself. Smoke Camels for 30 days. Compare them in your "T-Zone" (T for taste, T for throat). See if you don't agree that Camels are the mildest, best-tasting cigarette you ever smoked!

### Now Mecca For Gourmets

MISSSES HOWARTH AND SNYDER, plus water chestnuts, pumpkin seeds and 60 kinds of cheese, make a successful business.

By NEA Service

Madison, Wis.—(NEA) The spirit of Horatio Alger, if it finds its way to Madison, will be happy. It will find two little ladies who bought a food specialty shop "just for fun," and, through hard work, turned it into a mecca for gourmets all over the world.

Miss Margaret Snyder, a former music supervisor in local schools, and Miss Norma Howarth, who used to work in a real estate office lived together on a century-old farm and dreamed of running their own business some day. When they spotted an advertisement for a food specialty shop in the business opportunities columns of a newspaper, the "some day" had come.

They moved in 10 days later, and immediately set to work on a 5 a.m. to 9 p.m. workday, transforming the shop into a picturesque show place. Tiny shelves set around the tiny shop are framed by gay wallpaper. But it is what the Misses Snyder and Howarth have set on those shelves that excites the food-lovers who visit or write in.

There are spectacular Italian antipastos, fragrant Chinese water chestnuts, caviar from Russia, pumpkin seed from Mexico, anchovies from Portugal, 60 kinds of native Wisconsin cheeses, exotic teas from Ceylon, herbs and spices, spiced pickles in wine, homemade candy, imported herring from Scotland, chutney and curry powder from India, and cheese with names like carvi and cavil and Kuminost and Jetost from Norway and green sage from Switzerland and rouge de noir from France.

Although the women admittedly were inexperienced in selling, they have done well. Mail orders come from as far away as Europe, Alaska and South America.

"So many people seemed shocked that we were willing to take such a risk," smiles Miss Howarth. "we have no background for the work. But I've always said you need just three things to succeed: faith in God, faith in yourself, and the willingness to work hard."

### THE DOCTOR SAYS

## Better Sanitation Has Helped Fight Against Typhoid

By Edwin P. Jordan, M.D.  
Written for NEA Service

Typhoid fever is caused by a germ commonly known as the typhoid bacillus. This germ is carried in water which has been contaminated by improper disposal of sewage. It is also spread from an infected person to a healthy one by fingers, food and flies.

Until recently the treatment of typhoid had improved little if at all from the days when it was much more common. Now, however, one of the relatives of penicillin called chloromycetin seems to offer new hope for effective treatment.

Conquest of the disease has been brought about not by better methods of treatment, however, but by striking at the source of infection through improved sanitary measures. Health officials are constantly on the alert to see that sewage is properly carried off and treated and cannot seep into the drinking water supply. The drinking water is also examined often and treated with chlorine if there is any sign of pollution.

Fewer "Carriers" Today

Animals do not get typhoid or carry the germ. Consequently, controlling the spread of the disease is comparatively easy. Healthy people called "carriers" who harbor the germ, but are not actively ill with the disease, have been responsible for many outbreaks.

There are fewer carriers today than in the past, and health departments are constantly on the watch for carriers, especially those who might be particularly dangerous because they work in restaurants or other food establishments.

While proper disposal of sewage and care of the water supply is responsible for most of the decrease in this highly fatal and disabling disease, some cases have been prevented by vaccination. Vaccination does not give complete protection, but it helps by increasing resistance.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

### NEW BERLIN

New Berlin—The contest of the children's Bible school at the First Baptist church resulted in Betty Lou Lovell holding high with 165; Marsha Miller, second with 115, and Rosalie Glasgow, third with 95. A new contest is under way.

Mrs. William Brehm was hostess to the Tekawitha club recently at a four table contract bridge party. Two new members were welcomed. Mrs. Bernice Scott, Miss Young, Mrs. Stegman and Mrs. Lynch held scores.

The Balis-New Berlin Missionary Society met Thursday with Mrs. Sybil Clark. The program consisted of a book review by Mrs. Godlieb DeMuth of Springfield and devotions by Mrs. Besse Maxwell.

Mr. and Mrs. Charles Greenwood and Doris Genevieve drove to Fort Madison, Iowa, to attend the radio activities.

The World Wide Guild girls and their sponsor, Mrs. Harriett Dunlap, enjoyed a wieners roast and picnic luncheon in the Baptist church yard.

Representatives from the Baptist church attending the association in Taylorville Thursday were Rev. Miller, Mrs. F. J. Short, Rev. and Mrs. E. B. Williams, Mrs. Harold Zude, Mrs. Howard Perry, Miss Grace Williams and Miss Irene Lewis.

### LIGHTNING STRUCK ONCE

Jeweler B. E. Walzel of Houston, Tex., sincerely hopes the old adage that lightning never strikes twice in the same place is true. Because, the place where lightning struck once was Walzel's head. The bolt passed through his body, stripped a watch from his wrist—the shattered parts of which Walzel examines above—and came out his heel. His only injury was a slight burn on the heel.

Shop And Show Days Set For Oct. 6 And 7

Shop and Show Days, the annual movie treat day for residents of the Jacksonville area, will be held Thursday and Friday, October 6 and 7, according to announcement made Monday by Irwin Grant, chairman of the executive committee of the Chamber of Commerce Retail Council.

The show is held at the time of Teachers' Institute, making it possible for youngsters and parents alike to attend the show. It will be held in the Fox Illinois Theatre from 9 to 12 noon in the morning on both Thursday and Friday, October 6 and 7.

Two shows will be shown each morning. Every one in the Jacksonville area is invited to attend free of charge. Adults and students alike can just walk into the theatre and no admission will be charged for any one.

"This is the fourth year in which we have sponsored this annual treat day for the folks of our area," Mr. Grant said. "It is our way of showing appreciation for the business that we enjoy and possibly to bring others to our community so that they can see the fine trading opportunities that exist in our city."

Dolores Hawk In  
Church Ceremony

White Hall—Miss Dolores Hawk, daughter of Mrs. Ray Scott of White Hall and Burrell Hawk of Roodhouse, and Dean Fair of White Hall, son of Mrs. Gladys Fair of Lompoc, Calif., were united in marriage at 1 o'clock Saturday Sept. 24 at the First Christian church.

A double ring ceremony was performed by the pastor, Rev. Elmer C. Johnston, before a setting of lighted candelabra. The bride was given in marriage by her step father, Ray Scott.

The couple was attended by Mr. and Mrs. Donald Hawk, brother of the bride.

The bride wore a winter white suit with black accessories and carried a white Bible topped with an orchid. The bridesmaid wore a brown suit with brown accessories and a corsage of white carnations.

Before the ceremony Misses Virginia Johnston and Aline Harney sang, "Because" and "The Rosary" accompanied by Miss Mildred Morrow at the organ.

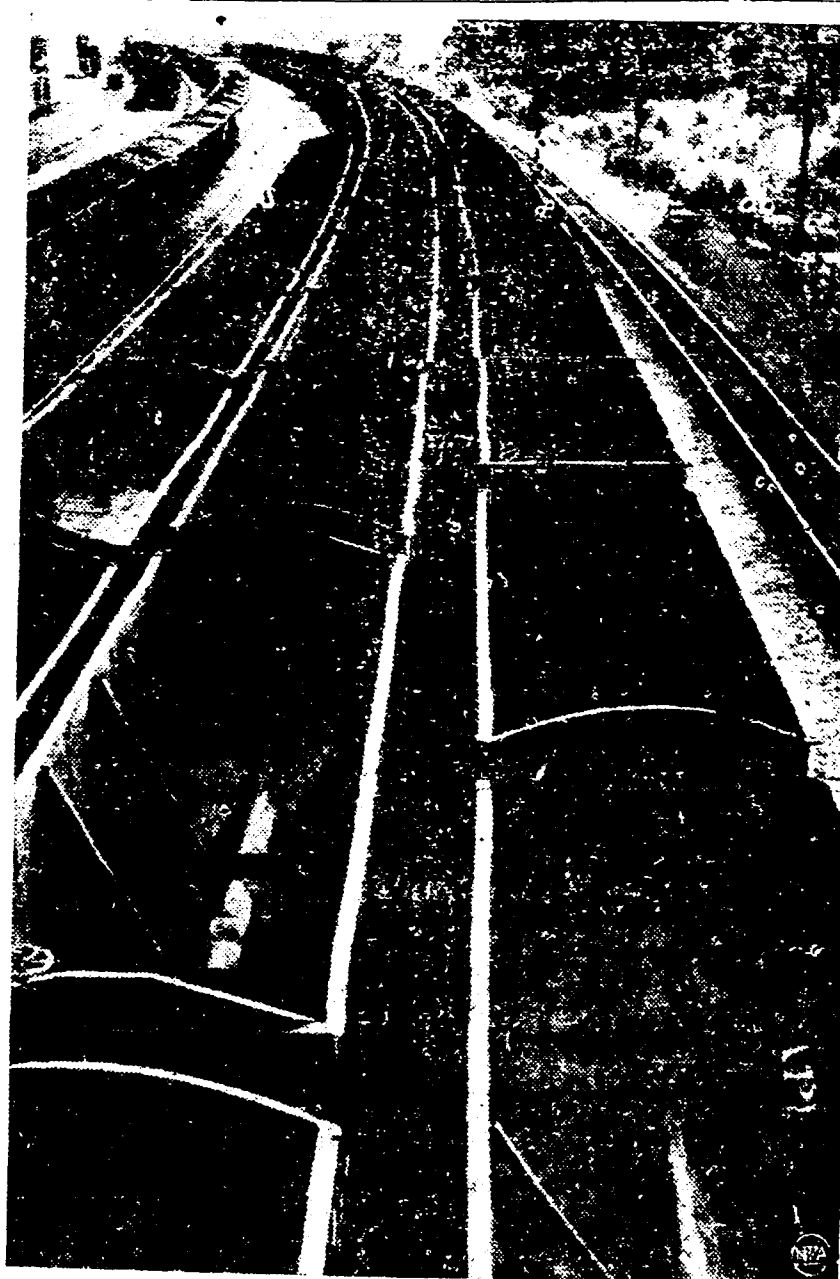

The couple left on a short wedding trip and will be at home to their friends on North Main street in White Hall, where they have taken an apartment.

Guests besides the immediate families included Mr. and Mrs. Carl Lorton, Mrs. Ruth Cox, Mr. and Mrs. Leo Westerholt, Mrs. Russell Devault, Carolyn Sue Sackman, all of White Hall, Mrs. Anleen Smith, and Miss Joyce Campbell of Winchester, Mo. Mr. Talkington is a nephew of Mrs. Scott and spent the week end here.

When better automobiles are built  
BUICK will build them

Guess who's losing sleep  
over this one?

FOR years, folks have talked about the "low-priced three's in the car business.

For a generation these have been the same three cars, unchallenged for position simply because they were lowest priced.

But take a look at the beauty pictured here and ask yourself:

How would you like to sell against it, with its wealth of Buick features?

How would you like to compete with it when it wears a price tag any new-car buyer can reach, gives you straight-eight performance for less than many sixes?

Truth is, this one sets a lot of standards that are going to be hard to match.

This styling is certainly something to start other designers tossing in their sleep.

This handy size—a dream in traffic, yet generous in interior room—is a "must" for cars yet to come.

The lift of high-pressure Fireball power—the level-going comfort of the Buick ride—the luxury of Dynaflo Drive, here optional at modest extra cost—all these are wanted things others just can't overlook.

So why not do the obvious thing and go see the car that's causing sleepless nights in Detroit?

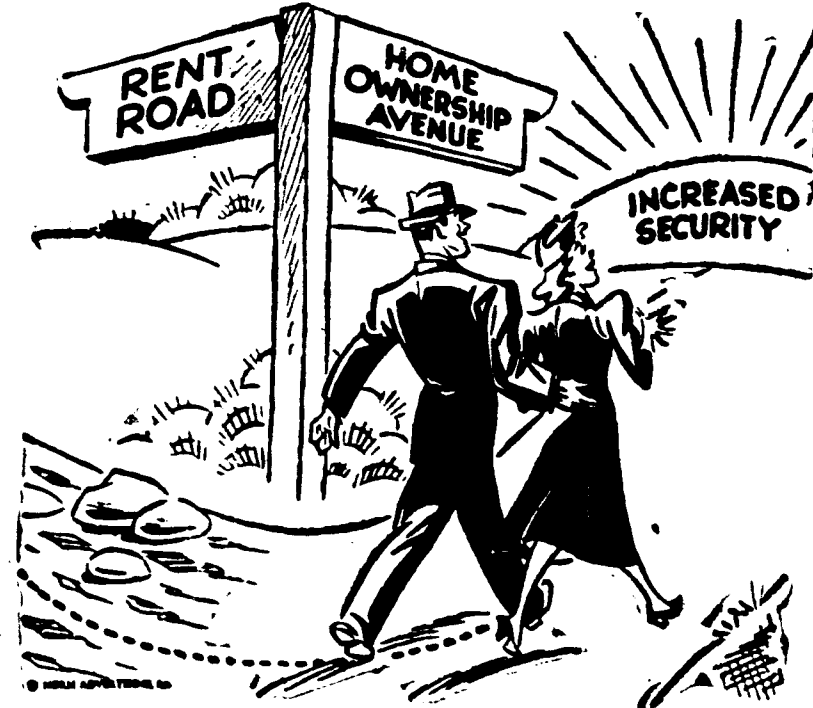

Study its smartness, test its room and comfort, try its handling, note the precise figures of its delivered prices.

You can do all that on a single trip to your Buick dealer's—and make your selection of a wide choice of equipment and colors at the same time.

shaky start on the Board of Trade today. Wheat took over the market's leadership, jumping more than a cent on buying by Southwestern Mills and previous short sellers. Corn followed wheat higher, despite a somewhat easier trend in the cash market, and oats scored modest gains. Soybeans provided an exception to the general trend. They were weak most of the day on hedging pressure, reflecting increased movement of the new crop in Central Illinois.

Receipts were: wheat 26 cars, corn 294, oats 70, rye 4, barley 106, soybeans 77. Wheat closed 2-1/2 higher, December \$2.14-2.14, corn was 1-1/4 higher, December \$1.16-1.16, oats were unchanged to 2 higher, December 67-1/2, soybeans were 1 to 1 cent lower, November \$2.24-2.24, and lard was 5 to 15 cents a hundred pounds higher, October \$11.02-11.02.

New York Stock  
Market

New York, Sept. 26—(P)—Trading continued on an even keel today in the stock market with gains and losses at a virtual stand-off.

The pace was moderately active throughout, and the volume was boosted somewhat by the trading of numerous large blocks of stock at the opening.

Higher were Santa Fe, DuPont, Union Carbide, American Can, Douglas, United Aircraft, and Texas Co. Tending lower were New York Central, U. S. Gypsum, International Paper, American Tobacco, J. I. Case, Montgomery Ward and Chrysler.

Bonds were quiet with gains and losses about equal.

CHICAGO LIVESTOCK  
MARKET REPORT

Chicago, Sept. 26—(P)—Trading in hogs ruled steady to strong today while cattle were steady to 50 cents lower and sheep steady.

Good and choice butcher hogs brought \$16 to \$20.25 and a top of \$20.35, sparingly paid for choice kinds. Sows were \$15.50 to \$19.25. Three loads of steers grading high-choice topped the day's cattle run at \$34, most "high-good" and choice steers and yearlings sold in the \$28.50 to \$33 range. Good and choice fed heifers took \$25.50 to \$29.75 and a part load of choice heavy kinds reached \$31. Cows and bulls topped at \$19 and vealers at \$28.

Best lamb price was \$23 and ewes \$8.85.

The run consisted of an estimated 10,000 hogs, 12,000 cattle, 500 calves and 2,000 sheep.

## Valley Notes

By John Campbell

The Roodhouse win over White Hall Friday night marked the first night game between these two old rivals. Coach Mason Campbell has never lost a football game to a White Hall team in his 10 seasons at Roodhouse high. The Railroaders travel to Pleasant Hill for the opener of the Ivy season for both teams Friday afternoon. Ransom, Bass and Garner are fine ground gainers for Coach Campbell this season. DeShazier is one of the finest punters in the Ivy loop this season for White Hall and his 65 yard run was one of the highlights of the Maroons offense.

Carrollton high travels to Winchester for a tough Ivy loop game Friday night. This game should be a dandy for these two teams are always great rivals. Winchester lost a 12-0 decision to Hannibal, Mo., and came back to play a 12-12 tie game with Jacksonville high. Carrollton played a strong Marquette high of Alton to a 13-13 tie and won over Illinois Deaf 19-2.

Dean Cochran scored the only touchdowns for Greenfield in the game with Marquette high. He has 9 touchdowns in two games for a nice start in the state race for high prep scorers. Several coaches in the

Ivy loop think that Cochran is a better ball player than Walter Steffen of Roxana, high scorer in the state last season. Cochran, 170 pounder, is a very fast lad and he has plenty of drive when he needs it; this lad should be given some consideration when the All-State teams are selected by the coaches and officials.

Coach E. V. Hall's Jerseyville Panthers are strong Ivy loop contenders. They have dropped a tough scrap to Roxana 21-14 and beat a fine Benld team of the tough South Central loop, 13-0. In picking the 1949 Ivy loop winner the fans are not counting the Jersey gang short. Coach Hall watched the Carrollton-Illinois Deaf game here Saturday afternoon.

# Red Sox Pass Yanks To Take Over American League Reins

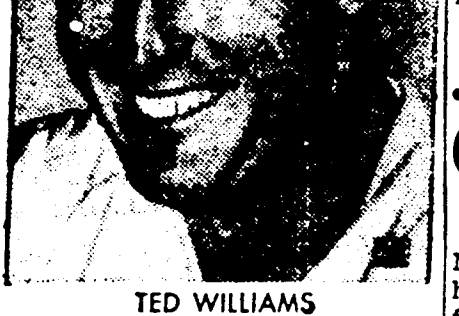

## Eddie Dyer Refuses To Be Optimistic With Only Five Games To Go

By Joe Reichler  
Pittsburgh, Sept. 26.—(AP)—Eddie Dyer, genial manager of the St. Louis Cardinals, is taking nothing for granted today despite the fact his team is leading the Brooklyn Dodgers by a game and a half with only five to go.

## Terrible Ted Holds 7-Point Margin In NL Batting Race

Chicago, Sept. 26.—(AP)—Boston's Ted Williams held a seven-point margin over his ailing pursuer, Detroit's George Kell, as the American league batting race entered the final week.

Williams, swinging for his third straight hitting crown, last week slipped two points to .349. Kell, benched by a fractured thumb for two weeks, has a runner-up mark of .342.

TED WILLIAMS

Kell, however, will return to action in the Bengals' season-closing series against Cleveland this week-end. With only three games left, Kell still has a chance to overhaul Red Sox-Yankee battle at New York with six, including today's York.

Other leaders, according to official statistics through Sunday's games: Dale Mitchell, Cleveland, and Bob Dillinger, St. Louis, .315 each; Dom Di Maggio, Boston, .314; Johnny Pesky, Boston, .313; Cass Michaels, Chicago, .309; Bill Goodman, Boston, .304; Vic Wertz, Detroit, .303; and Bobby Doerr, Boston, .302.

Williams continued to dominate the specialized departments, although he yielded the leadership in most hits to Mitchell, who had 183. Big Ted collected only three hits in 15 trips last week, but all were homers, giving him 43 circuit clouts for the season. Williams also maintained his leadership in runs-batted-in with 158, two-baggers with 39, and runs with 147.

Dillinger kept ahead in stolen bases with an unchanged total of 18, far behind Jackie Robinson's pace-setting bag of 34 in the National League.

Boston's Ellis Kinder was the league's best percentage pitcher with a 23-5 record for .821, but the winningest hurler was his Red Sox team-mate, Mel Parrell with 25 decisions. Virgil Trucks of Detroit held the strike-out lead with 151, a week's increase of 10.

## St. Louisans Certain Their Cards Are "In"

BY JOE REICHLER  
En route to Pittsburgh with the Cardinals, Sept. 26.—(AP)—Practically everybody in St. Louis, from the big banker to the little hat check girl, thinks the St. Louis Cardinals won the National League pennant yesterday.

That is, everybody but Eddie Dyer, manager of the Redbirds. He thinks the Cards won the flag the night before.

That sounds too confusing? Let's try to make it a little clearer.

St. Louisans think that yesterday's results which showed the Cards defeating the Chicago Cubs, 6-1, while the Philadelphia Phils were knocking off Brooklyn's second-place Dodgers, just about clinched matters for Dyer's boys.

That game and a half lead with only five to go for the Birds simply came too much for the Dodgers to make up, they insist. Even if the Brooks win their remaining four games, the Dodgers can't catch them; if the Cards win four of their remaining five,

paw Willie (11-12) Werle. The 30-year-old Munger owns a fine 15-7 record, but he has been rather roughly handled by the Bucs, who have beaten him four times in five decisions. They drove him out of the box in two other starts, but another Card flinger with those losses. Werle's record against St. Louis is 0-2. The two teams, who stand even in 26 clashes thus far, meet again Wednesday afternoon in their season's final against each other.

**Game Moved Up**  
The game originally was scheduled for Thursday, but league President Ford Frick granted permission to move the game up one day to forestall a possible rain and cancellation.

Pirate Leader Bill Meyer already has named Murry Dickson for that one. The little righthander possesses a modest 11-14 record, but he's won nine and lost only three since July. He holds four victories over his former Cardinal teammates.

Dyer is undecided between righthanders Gerald (10-9) Staley and Fred (6-0) Martin for his Wednesday pitcher.

Then for the first time in many days, the Cards will field their regular lineup. Dyer reported that nearly all of his "cripples" were sound again. Chuck Diering, he of the sprained left ankle, will be in center. Enos Slaughter, who was slightly shaken up Sunday in a collision with Chicago's first baseman Herman Reich, is okay. Stan Musial's left thigh is sound again. So is catcher Del Rice's leg and first baseman Nippy Jones' back.

**Concerned About Marion**  
Dyer's only concern centers around shortstop Marty Marion's chronic sore throat.

"Marty played last Sunday under a severe handicap," Dyer said. "That back of his was giving him fits. He shouldn't have played but we needed him out there. He feels a little better today, but if we had to play today, I'd be forced to rest him. He assures me he will be all right tomorrow."

## Joe DiMaggio May Get In Sox Series

New York, Sept. 26.—(AP)—Joe DiMaggio, the New York Yankees' high-priced outfielder, may recover from a virus infection in time for the last two games of the season with the Boston Red Sox here Saturday and Sunday. Dr. Jacques Fischel announced today.

"Joe became ill Sept. 18. He will be permitted to get out of bed tomorrow and should be able to work out by Thursday," the "He should be ready to play in the final series of the year with the Red Sox this week-end."

Now come to Dyer. At exactly 1:30 p. m. CST, an hour before his team was to tangle with the Cubs yesterday, and with St. Louis only a half game ahead of Brooklyn, the affable skipper said:

"I think the Cards will win the pennant. Do you know why? Because last night we won a game that by all laws of baseball we had no right to win. (The Cards beat the Cubs, 3-2.)

"The boys gave one of their poorest exhibitions of the year, if not the poorest. We were simply terrible. We made everything wrong. We made errors of commission and omission."

"That first inning when (Stan) Musial doubled and ran on blindly, with his head down, to set up a double play nearly gave me a fit. The Cubs shoved us all over the field, yet we won."

"Remember, too, that the victory came right after the Dodgers had given us that terrible pasting (A 12-6 defeat), and you can understand what a tremendous lift that gave us. That's what led me to believe that the Dodgers couldn't catch us."

## HE'S OVER BY INCHES

The wry grimace on Blueboy quarterback Bob Grove's face belied the actual situation when this picture was snapped. Grove has just rode across the Millikin-guarded goal line on the back of George Florence to score Illinois College's only touchdown in the 6-6 stalemate against the Decaturites here Friday night.

Florence, rangy Hilltop guard, can be seen taking out two Millikin defenders and possibly a third. Other Illinois College gridders visible are Paul Lasley (39), Don Longer (30), who is calmly watching the play from a vantage point on the ground, John DeLaPaz, (23) in the far back-ground and Bill Gross (33) who seems to be giving Grove a helping hand to score that much-needed marker.

Millikin's All-Conference halfback, Don Shroyer (60) in one of the unfortunate who got in Florence's path on the quarterback sneak scoring play. Official Bill Strickland's striped shirt is visible in the back-ground.

## Iowa Coach Describes Offensive Formation That Stalemated Illini

Ames, Iowa, Sept. 26.—(AP)—Coach Emmett R. "Abe" Stuber, whose state Cyclones kicked predictions galley west with their 20-20 tie against Illinois Saturday, doesn't care what his backfield formation is called so long as it keeps on working.

"I suppose you could call it the 'half punt,'" Stuber said today, "but actually it's nothing but a modified short punt formation and we used it practically all season two years ago."

Spotswriters at Champaign, Ill., where the underdog Iowa State team came from behind twice to knot the score with the Illini, scratched their sports vocabularies to find descriptive words when Stuber's gang unveiled the "new" formation late in the first quarter.

One called it a "Capital T" formation. Another thought it should be called a "V" and a third said it was best described as a "friendly short punt" formation because three backs can look right at each other and are so close they can whispered secrets.

**Here's How It Works**  
But whatever you want to call it, this is the way the formation works: The backs swing from the huddle into the standard "T" and quarterback Bill Weeks calls the shift.

Left halfback Lorne Paulson moves over five yards directly behind the center. Right halfback Bob Angle moves forward to a spot about a yard behind right tackle. Weeks and fullback Bill Chauncey take stations on either side of Paulson and face each other at close quarters.

Both Weeks and Chauncey are spin backs and along with Paulson any of the three are in position to take a direct center pass.

When Stuber used the formation two years ago there was a slight variation. At that time only one of the "lane" backs faced inward. "Don't get the idea it's anything new," Stuber says. "It has been used by lots of teams. We just mixed it in with our T, that's all and we've got some backs who can do a pretty good job of running it."

**Play Kansas Saturday**  
After an easy 64-0 victory over Duquesne University in the season's opener, and their 20-20 tie with Illinois, Iowa State opens Big Seven conference competition against Kansas Saturday.

## Stranahan Takes Western Amateur Golf Tourney

St. Louis, Sept. 26.—(AP)—Frank Stranahan, who opened the 1949 major golf season with a victory in the north-south amateur championship last April, closed it by winning his second western amateur title.

Stranahan, who played the major tournaments of the world around the calendar year, yesterday disposed of Walter Cisco, young Louisville, Ky., lawyer, 5-4, in a scheduled 36-hole western championship match.

In between the north-south and 47th western amateur golf meets, Stranahan failed to protect his titles in the British and Canadian amateurs. He was knocked out of the national amateur by Robert (Ske) Riegel in the third round.

Stranahan beat Marvin (Bud) Ward, of Spokane, Wash., in 39 holes at Duluth, Minn., in 1946 and lost it in the finals to Ward at Des Moines, IA, the following year.

Bellerive's 6505-yard course never bowed to par for a complete round during the seven-day meet. Four equaled it but not one beat it.

## Robinson's Bat Lead Whittled But Still Leads League

New York, Sept. 26.—(AP)—Jackie Robinson, Brooklyn second baseman, leads National league batters today by five points although his average during the past week slipped a point.

While Robinson's average continued its steady decline the hit production of Enos (Country) Slaughter, St. Louis swatman, suffered even more.

Today's figures, including games of Sunday, show Robinson out in front with a .343 aggregate. Slaughter second at .338 and Stan (The Man) Musial, another Cardinal home, right behind with .337. Musial moved up five points during the week despite a leg injury.

The fast climbing Carl Furillo of Brooklyn, is fourth with .314. A week ago he was well down in the pack with .305.

**Other Leading Hitters**  
Others in the top 19 National league hitters are: Bobby Thomson of New York, .308; Ralph Kiner of Pittsburgh, and Willard Marshall of New York, each with .306; Whitely Lockman of New York, .305; Ted Kluszewski of Cincinnati, at .304; and Red Schoendienst of St. Louis and Del Ennis of Philadelphia, each at exactly .300.

Kiner upped his average four points during the week and also collected a quartet of home runs to move his total of four-base blows to 53. He has five games left to better the late Hack Wilson's National league record of 56.

Behind Kiner in the home run derby is Musial with 34. Robinson and Musial dominate in most of the other departments. The Brooklyn negro has 199 hits to 198 for Musial and Robinson has 38 doubles to share the lead in that phase with Ennis. Musial is tops in triples with 13 but Robinson and Slaughter have 12 each.

Kiner, with his huge home run bulge, has batted in 125 runs with Robinson next with 121. Robinson leads in thefts. The fleet Robinson is far out in front in base stealing with 34 thefts. Teammate Peeewe Reese is second with 26. Reese also is the leading scorer, having batted home plate 127 times. That's three more runs than the total credited to Musial.

The Dodgers, still trailing the Cardinals although Brooklyn dominates in individual statistics, also has a strong grasp on pitching honors.

Preacher Roe has the best winning average with 14 victories in 19 decisions. Ralph Branca is next with a 13-5 record. Don Newcombe, also of Brooklyn, has struck out 138 opposing batters as compared to 140 by Warren Spahn of the Boston Braves.

## Blast Joe Page 7-6, Land In Driver's Seat With 1-Game Vantage

By Jack Hand  
New York, Sept. 26.—(AP)—The brawny men of Boston finally got even with Joe Page today, storming into the American league lead with a 7-6 triumph over the New York Yankees on a four-run blast against fireman Joe in the eighth inning.

Breaking an exact first place tie with the Yankees, the Sox exploded two big innings for their tenth straight victory of a late September surge. It was the first time this season the Yankees had been out of the lead.

With five games to go, this is how it looks:

Team	W	L	GB	Play
Boston	55	53	—	5
New York	53	56	1	5

And so the Yankees, who led Boston by 12 games the night of July 4 and had an imposing five game bulge on the losing side some 10 days ago, finally have been collared.

**Yanks Play At Home**  
From now on they play at home, three with Philadelphia and a final pair with Boston Saturday and Sunday. The Sox close it out on the road, three at Washington, starting tomorrow night, and the final two at the Yankee Stadium.

The mighty Sox with the leading batsmen, home run hitter and runs batted in ace in their lineup, had to resort to the squeeze play to eke out this all-important run.

Bobby Doerr's squeeze bunt to First Baseman Tommy Henrich moved Johnny Pesky home with the tie-breaking run against Page. Most of the big throng of 66,156 roared with Catcher Ralph Houk in a strenuous beef at plate umpire Bill Grieve on the play at the plate. It was close but the ump ruled the sliding Pesky safe.

Almost everything that could happen did happen during the nerve-racking, three hours and 18 minute thriller as the Yankees recovered from a three-run Boston first inning to move out front with four in the fourth.

**Page's Third Loss In Week**  
Adding to their advantage in the sixth and seventh, they crumbled in the big eighth as Page lost his fourth straight ball game. It was Joe's third failure within a week.

For a time it looked as though lefty Page, the capable reliever, was enroute to another of his sparkling performances. Coming in to replace Fred Sanford in the fifth he sailed through the sixth and seventh without trouble. The end came suddenly and he wasn't all to blame.

A line drive single by Dom DiMaggio that Phil Rizzuto wasn't able to hold following a single by Birdie Tebbetts and a walk to pinch-hitter Lou Stringer, was the telling blow. Little Phil leaped as far as he could go but simply couldn't hold Dom's smash which rolled into short left.

Only one run scored on DiMaggio's hit but it might have been a double or even a triple play. That was how close it was to an out.

Pesky rolled the ball toward George Stinewiss but the second baseman's error, let Stringer score. Now it was 6-5. The "Williams shift" backfired when Teddy ground to Stinewiss in back of first base but Henrich, diving for the drive, was unable to field his position. It had to go as a single, loading the bases with none out. Vern Stephens' fly to Gene Woodling brought home DiMaggio to tie the score.

Then came Doerr's squeeze play that resulted in the fiery controversy at the plate, involving Houk, Manager Casey Stengel and the entire Yankee club. That was the ball game.

## HEATED ARGUMENT

New York, Sept. 26.—(AP)—Outfielder Cliff Mages of New York Yankees, may be in trouble with the American league because of a remark made to Umpire Bill Grieve in the heat of a post-game argument after the Yankees' 7-6 loss today to Boston.

"How much do you have bet on the game?" Mages snapped to Umpire Grieve in a runway under the stands. The remark was heard by several.

The New York Daily News quoted Grieve as replying: "There have been ballplayers found guilty of betting on games but never an umpire, remember that."

The News also quoted Grieve as saying he would report the episode to American League President Will Harridge.

Grieve called Johnny Pesky, Red Sox third baseman, safe at home on a controversial squeeze play in the eighth inning that won the important ball game.

Grieve's version of the disputed play, according to the News, was: "The runner slid under Houk (Yankee catcher) and that's all there is to it. Sure, I could have made the easy call, giving it to the home club; but in my heart I know I made the right call."

Houk "blew his top" when Grieve called Pesky safe at home on Bobby Doerr's squeeze bunt after the throw from Tommy Henrich appeared to have the play beaten. Houk and the entire Yankee club, including Manager Casey Stengel, stormed around Grieve for several minutes.

"I was safe," said Pesky, "he tagged me up here on my side. The ball beat me but Houk seemed to freeze. He didn't even block the plate."

Associated Press photographs of the play show clearly that Houk caught the ball before Pesky reached the plate. Whether or not the tag was made, is open to discussion.

Grieve could not be reached to-night as to whether or not he had filed a report on Mages to Harridge.

## HELD FOR ACQUIRING DOPE WITHOUT TAX

Danville, Ill., Sept. 26.—(AP)—Robert R. Parker, 21, of Kansas City, Mo., today was held on federal charges of acquiring marijuana and failing to pay the transfer tax on the drug.

Parker waived preliminary hearing today before U. S. Commissioner Marie Burnett. He was arrested Friday. The complaint against him was issued by Ray Foreman, assistant district attorney.

We are very grateful for the many kindnesses and expressions of sympathy shown during the illness and after the death of our loved one.

Sincerely, The Family.

## POLLEN-CARRIERS

Insects do most of the cross-fertilizing of flowers, although hummingbirds and bats frequently perform the job. Even snails have been known to carry pollen.

## Two CCI Grid Tussles On Tap This Weekend

Chicago, Sept. 26.—(AP)—Two little nine conference games—Illinois Wesleyan at Augustana and Wheaton at Carthage—top a football program of 17 contests for downstate schools this week.

Wheaton, with a 12-6 win over the Aurora Clipper, invades Carthage Friday to open its little nine quest. Carthage bowed 19-13 to Parsons last week.

Wesleyan, stamping itself a contender by walloping Shurtleff 43-0, starts its conference firing Saturday against another strong challenger, Augustana. Augie was impressive in trouncing Elmhurst in a league engagement 54-0.

**Blueboys At Principia**  
Other Little Nine teams go against non-league opponents Saturday. Elmhurst is at Concordia of River Forest, Illinois College at Principia, Beloit at Lake Forest and Iowa Central at North Central.

## Football Briefs

**Irish Is O.K.**  
South Bend, Ind., Sept. 26.—(AP)—Leon Hart, 220 pound Notre Dame end, will be in action against the University of Washington in Seattle Saturday.

Hart, who suffered a knee injury while leading the Irish to a 49 to 6 victory over Indiana last week, has only a bruise and not a wrenched knee as was feared.

Another regular, guard Frank K. "Rodney" Johnson, reported for practice today after being sidelined for several weeks with a torn ligament in his right knee. Johnson, who missed the Indiana rout, will play in the Washington game if he can work his legs back into shape after the long layoff.

**Illini Stress Defense**  
Champaign, Ill., Sept. 26.—(AP)—An Illinois team still stunned by its 20 to 20 "upset" tie by Iowa State, launched defensive preparations for Wisconsin today.

The game opens both teams' Big Ten schedules here Saturday. Scout Leo Johnson guided the Illini freshmen as they ran through the Badgers' spit: T formation with quarterback Tom O'Connell serving as passer.

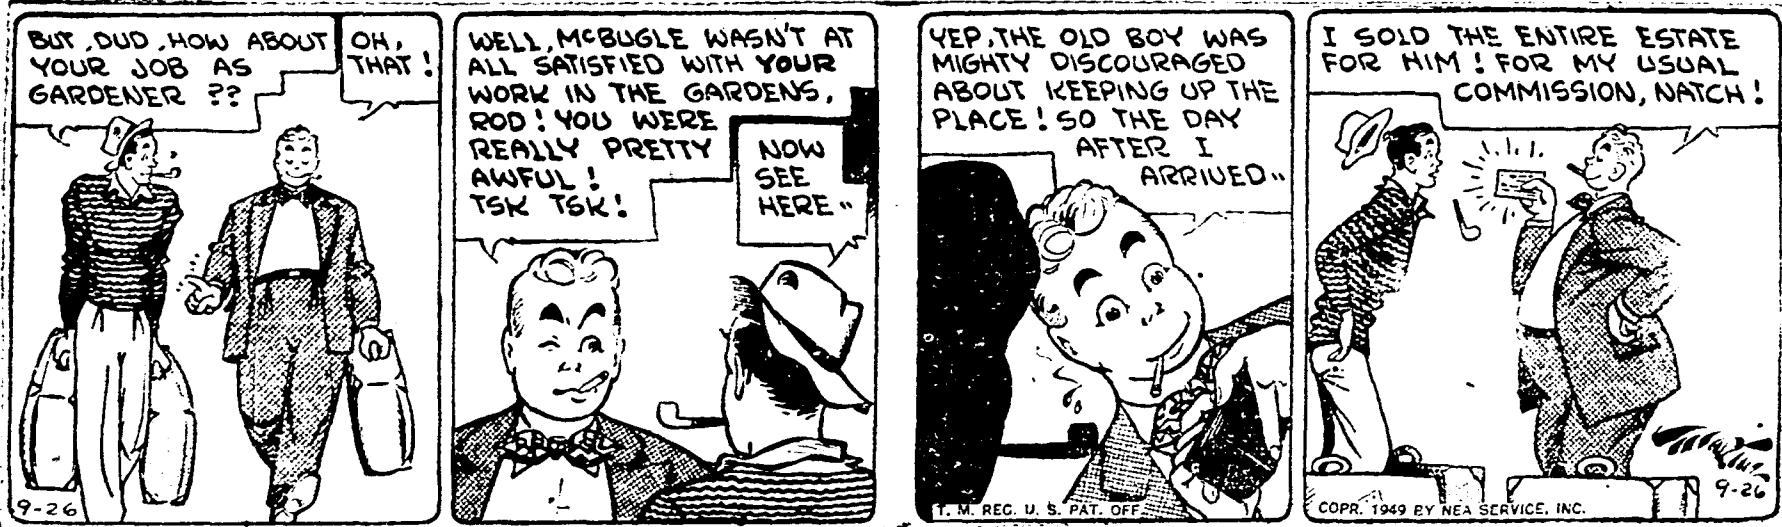

Two Illini are on the sidelines with Iowa State game injuries, but they are expected to be ready by Saturday. They are fullback Bert Schmidt with sore ribs and end Marshall Smith with an ailing knee.

THE STORY: After Tod Duncan's dance, Liz Conover, elopes with another man. Tod turns to his old friend Jenny Polanski. A quick courtship results in marriage "on the rebound," although Tod tells Jenny and tries to convince himself that it is all over with Liz. Tod has not told his family that he has married Jenny because, he explains, "they'd raise such a fuss."

queer streak of snobbishness in Tod. She changed the subject. "I suppose we ought to go over and see your family right away."

"No!" The word came out sharply, but "the surprise in her face seemed to embarrass him. "I didn't mean to sound so abrupt. Jenny, but I'll go around to see Ma first and sort of smooth over her feelings before I take you to see her."

"You mean she'll really be angry because you've married me?"

"Well," he parried, "it'll be quite a surprise. But I can wheedle Ma into almost anything. She'll come around. Only—well you can see how it is. She ought to be pre-pared."

THE girls at the shop welcomed her back gaily the next morn-ing, and she fell back into the easy routine of her work. But all day long a feeling of dread seemed to snowball inside of her.

Nina had kindly offered to store the furniture that Jenny wanted to keep from the house on Catapa street, an old solid walnut bureau with acorn handles, a cherry table and a ladderback chair. Nina also offered some advice. "I'd go live in one room somewhere before I'd settle down with the Duncans. Jenny I don't care how nice people are, that sort of thing just never works out."

"But it's only temporary, Nina, and I'm sure they'll try as hard as I will to make the best of it."

But as she and Tod drove toward the Duncan apartment that evening, she felt anything but calm.

Joe, sprawled on the davenport reading the paper, did not bother to rise as they came in. He glanced up and spoke, but it was obvious he was miffed at having been shunted out of his room.

Ma had washed her hair and Harriet was winding it up in pin curls for her.

"Here's Jenny, Ma," Tod said, as they stepped into the kitchen. Jenny started forward but the

grim look on Ma's face stopped her.

"You might as well get it straight right now, Jenny," she said. "Tod made a perfect fool of himself gettin' married just to spite Liz Conover."

"Now Ma," Tod's face turned crimson.

"You know it wasn't a thing else than that!" Ma went on. "You just wanted to show Liz you could get married too. But I never thought a son of mine would be dumb enough to cut off his nose to spite his face."

Harriet paused in her work, and there was a smug expression on her dark face as she put in her nickel's worth. "Liz probably won't even see that little old notice stuck in with all the other marriage licenses, so I don't know what good it done you."

"Cut it out!" Tod said. "I didn't marry Jenny to spite Liz. This is certainly a fine way to welcome us."

THERE was a long chilly silence. Harriet began twisting strands of Ma's gray hair into pin curls again. After a moment or two Ma spoke again sullenly. "Put your stuff in the bedroom. Joe got his things moved out. Where he's goin' to hang his clothes I don't know. Less it's in the pantry."

"Ma, apologize to Jenny."

Ma ignored him. "I ain't got time to get any fancy breakfasts for anybody either. It's enough to get my own and Harriet's and Joe's 'fore I go to work."

"I expect to help around the apartment with the work," Jenny said, her first words.

Ma's plump face didn't soften in the least. "I don't want anybody messin' in my kitchen neither, after I've got things red up and gone to work!"

"Come on, Jenny," Tod said. She followed him into the living room where he picked up their suitcases. He motioned her into the bedroom, set the suitcases down and shut the door, and then turned to her.

"Tod we can't stay!" Jenny whispered.

"They'll get over being hateful. Don't pay any attention to 'em." (To Be Continued)

## 'Leave Flashers Alone,' Mayor Says As State Asks Removal Of Two

The removal of overhead flasher beacons on East Morton avenue at Hardin and Clay avenues was requested by the Illinois Division of Highways in a letter read before the city council last night. C. M. Wahl, district engineer, asked the city to remove the traffic flashers on grounds that "these lights are creating certain hazardous conditions," and fail to slow traffic at points where they are in operation.

"As far as I am concerned, the flashers stay up," Mayor Hoagland declared heatedly after City Clerk Phillips finished reading Wahl's letter.

The mayor said the city erected the flashers at its own expense four years ago to protect school children and other pedestrians. After F.T.A. officials petitioned for safety measures at busy intersections on Morton avenue, he said he does not believe the state highway division should dictate to the city in matters of this kind.

In his letter to the council, the state district engineer said the two non-standard flashers cause confusion when motorists believe the amber lights will be followed by a change to red. "Our speed checks show little or no practical observance of the 'otherwise' Wahl concluded.

"Can't See Any Hazard?" Mayor Hoagland said he cannot see how the flashers involve any hazard, but on the other hand have helped to make the avenue safer. The slow signal is observed fairly well by the majority of motorists, in his opinion.

After brief discussion the mayor referred the request to the highway committee.

Bids of Charles M. Ryan of this city and the Biebel Roofing Co. of Litchfield for covering portions of the city hall roof with asphalt were presented by Alderman Woods of the building committee. Each bidder made several proposals by sections, as the roof has several wings and elevated portions. On motion of Alderman Reid, seconded by Alderman

## Scott Kiwanians Plan '49 Public Auction Oct. 8

Winchester—The annual Winchester Kiwanis auction sale will be held Saturday, Oct. 8, it was recently announced by Kiwanis President Everett Patterson. The sale of donated commodities of all descriptions is held annually for the benefit of underprivileged children of Scott county.

From the proceeds of the 1948 sale, the committee composed of Dr. Paul Garrison, Norbert L. Hutchens, Paul Lehman, Charles Shiple and Guy Paul has provided dental work, eye examinations and glasses, work, silectomies, and other needed operations. All of these benefits were provided where the needed attention could not otherwise have been given. No names or publicity are released on any of these cases.

Patterson stated that any kind of merchandise that is saleable will be gratefully accepted by the Kiwanians. A large corn crib is being constructed across from the courthouse which will serve as a depository for farmers wishing to donate corn. Other commodities donated in past sales include furniture, clothing, feed, livestock, food, hay vegetables etc.

## Guest Night Held By Toastmistress Club Yesterday

## Ashland Legion Auxiliary Installs Officers For Year

Ashland — The American Legion Auxiliary held a luncheon in its new hall with Mrs. Hazel McClintick, immediate past 20th director, as the honored guest. She also served as installing officers.

Those installed were: president, Mrs. Glenn Sinclair; first vice president, Mrs. Lester Edwards; second vice president, Mrs. Letha Bast; treasurer, Mrs. Raymond Allen; historian, Mrs. John Young; chaplain, Mrs. Rose Hinds; and sergeant at arms, Mrs. John Melchers.

Miss Marion Stewart gave a report of the 1949 Illinois Girls State, which she attended in July as a representative of the local auxiliary. Miss Ruth Ann Orme presented two vocal selections.

## Six Local Members Attend University Women's Workshop

Six local American Association of University Women attended the annual workshop which was held at the Y. W. C. A. in East St. Louis Saturday.

Those attending were: Mrs. John Agger, past president of the Jacksonville branch of A. A. U. W.; Mrs. Paul Davidsmeyer, vice president; Mrs. W. F. Bailey, chairman of youth guidance; Mrs. Francis Ferry, chairman of education; Mrs. E. W. Olson, chairman of international relations; and Miss Mildred George, chairman of publicity.

The theme of the meeting was "Crossing New Frontiers in A. U. W." Mrs. John T. Even, of Aurora, state president, presided at the morning session, when delegates presented highlights on the national convention held in Seattle, Wash. this summer.

Dr. Frank L. Eversull, of Washington University, was the speaker at the luncheon. He brought out that we must educate for more than the expounding of energy that there must be a new dedication and a new consecration of all mankind. He reviewed points that must seriously concern in order to save ourselves from destruction: conservation of our resources; awareness and greater consideration of public health; human relations—juvenile, race, and international; and the return to religion.

In the afternoon there were group clinic meetings for discussion of problems.

## Presbyterial Group Meeting Thursday In Virginia

Virginia—The Jacksonville district of the Springfield Presbyterial will hold an all day meeting on Thursday, Sept. 29, at the First Presbyterian church of Virginia. Mrs. J. A. Thornbrow is the district president and Mrs. Rachel Ross is president of the hostess mission society.

The morning session will open at 9:30 a.m. and the afternoon session at 1:30 p.m.

Two excellent speakers will address the meetings, and their messages should be of great interest. Dr. Caroline Palmer of Kewanee will speak on "Amos" at the morning session. Dr. Palmer retired in 1946 after many years as a teacher of the English Bible and the dean of New York. She has also taught the "Interment Period" and "Historical Geography of the Holy Land."

Currently she is teaching in the annual school of religion sponsored by the Springfield Council of churches.

Mrs. Harold Henke, a returned missionary, will speak during the afternoon. Mrs. Henke is a registered nurse, and her husband is a doctor, both serving in Low hospital in North China. They went to China in 1927, and Dr. Henke is still there while his wife is on leave of absence. Mrs. Henke will give a first-hand impression of the events which have taken place during her service in China, and the effect on the future as she sees it in her talk, "Does It Pay?"

All persons are invited to hear the speakers.

## Tuberculosis Avoidable If Today's Knowledge Is Used—Dr. Collins

Dr. Loren L. Collins, guest speaker Monday evening at the annual dinner of the Morgan county Tuberculosis association, advised, "You, your family and community could forget about tuberculosis if every individual in this and other countries throughout the nation would go yearly to his family doctor and be examined for the disease."

Dr. Collins, who has had considerable experience in care and treatment of tuberculosis, and is present medical director and superintendent at the Madison county sanatorium and Pleasant View at Edwardsville, addressed 136 members and guests at the Masonic Temple.

The large group, which exceeded the association's quota of 125, included the majority of the staff members of Oaklawn sanatorium; Dr. and Mrs. W. N. Newcomb, Mr. and Mrs. Carl Robinson and Mr. and Mrs. Arthur J. French, Oaklawn trustees; and Mr. and Mrs. Walter Feeneybough and Mr. and Mrs. Clark Stevenson, Morgan county commissioners.

Knowledge Available

Dr. Collins contended, "We possess all the medical knowledge necessary to make every death from tuberculosis not only premature, but unnecessary. The yearly examinations that would, perhaps, eliminate T. B. entirely are neglected by some who do not know the few simple preventative facts and by others who cannot be told the facts which could save their health and lives."

"The insidious disease, which can be mild and often easily cured in its early stages, is just as crippling as polio. Many people, whose lung capacity has been decreased by T. B. cannot even carry on the activities not denied the paralyzed," declared the speaker.

The doctor went on to state, "Even if the patient is saved, the complications of a long-neglected tuberculosis case are terrific for the disease is highly communicable and is passed to other members of the family. The social problem is further intensified when the breadwinner is taken away from the family to spend years in a sanatorium."

Dr. Collins concluded by showing X-ray histories of various patients "Still A Major Problem"

Ben D. Kinnigham, Jr., of Springfield, executive secretary of the Illinois Tuberculosis association, preceded Dr. Collins and presented figures to prove that tuberculosis is still a major problem.

Mr. Kinnigham quoted, "In the last ten years, 180 deaths from T. B. were recorded in Morgan county. While the figure included deaths from the Illinois State hospital, the situation is hardly less dangerous, considering many local people work in the hospital and daily come in contact with tuberculosis. In Illinois during 1948, 2,566 deaths were reported from the disease, while 6,982 new cases were reported. Simply one T. B. patient dies every four hours in this state."

Bringing it to a national level, the executive reported, "In the United States, during 1948, 43,529 deaths from tuberculosis were reported and resulted from the ailment. Every ten minutes, a new fatality is recorded. New cases totaled 145,131. Since Sept. 17 of this year, 5,583 have fallen victim to T. B. compared to 4,764 during this same period in 1948."

Mr. Kinnigham and Dr. Collins were introduced by Dr. Walter C. Reineking, resident physician at Oak Lawn sanatorium, chairman of the speakers' committee.

Rev. M. M. Blair, president of the local association, presented Miss Della Lanterman, who sang three numbers accompanied by Evelyn Haas. Both are students at MacMurray college. Dr. Arthur F. Ewart gave the invocation.
